

# THANKS FOR JOINING THE SUDSY CHALLENGE

By not changing your clothes for three days, you're helping to change the lives of friends just like Bob, who since retiring has been struggling to make ends meet.

Not only is Bob grateful to have an Orange Sky nearby to help him stay clean, Bob also enjoys the social aspect shift provides.

*"My favourite thing about coming to see Orange Sky is meeting people. It is part of my weekly excitement. When I leave, I always think of having next week to look forward to because I get to see the lovely volunteers again. To all the people who have supported and donated to Orange Sky, with my heart, I appreciate it, thank you very very much." — Bob, Orange Sky friend.*

With your support, we're able to provide over 300 shifts of free laundry, warm showers and connection for people just like Bob every single week.

*"Being unable to get a new washing machine and having Orange Sky here is so so helpful. Not only to me, but for other people around this area who are struggling like me. I am just so appreciative."*
